Horizon

HORIZON 360° Exterior Solar Screen

Horizon is a unique shade system offering up to 195 square feet of coverage per unit, with even larger spans achieved by installing units side by side. It supports bottom-up and angled applications and can mount flush or up to 24 inches off the surface using L-brackets or stand-off brackets.

Motorized by design, Horizon uses a constant-tension system and tracks engineered specifically for smooth, maintenance-free sun control. Choose from wired or wireless motors, including options compatible with sun and wind sensors.
